Located on Route 82 between Geneseo and Cambridge, Hillcrest Home is surrounded by the fertile, rolling farmland of Henry County. Comfortable areas for walking or sitting allows our residents to enjoy the changing seasons, from farmer's spring planting through the fall harvest.

Hillcrest Home has provided the families of Henry County and surrounding areas with peace of mind for over 50 years. Our quality staff is the basis of our quality care.

## **Quality Care**

The mission of Hillcrest Home is to return each resident to his or her highest level of functioning. Individual programs are tailored to include care plan sessions with residents and their families, setting goals that will help residents to identify achievable skills that can be learned and reinforced.

*“All Illinois Department of Public Health reports are located in a notebook in the cabinet by our front entryway. Feel free to review our excellent survey results.”*

Our Physical Therapy Department provides a therapeutic program that meets the highest standard of quality in the most cost effective and value-added manner. At Hillcrest Home, we take time to explore all options available to residents to help each reach their highest potential. Many residents are able to return to their own homes after receiving therapy services at Hillcrest.
