From: Henry County Soil and Water Conservation District Board of Directors

Re: **NOTICE OF FEE INCREASE**

Upon review of rates charged by surrounding counties for soil and water reports in regard to zoning changes, the Henry County Soil and Water Conservation District Board of Directors voted to amend their fee schedule at the September 7th, 2000 board meeting.

The fee schedule will be as follows:

Sites 1 acre in size or less	\$ 50.00
Sites 10 acres in size or less	\$100.00
Sites greater than 10 acres	\$100.00 plus \$1.00 per acre

Checks should be made payable to Henry County Soil and Water Conservation District (Henry County SWCD) and should be submitted to the zoning officer at time of request. Questions concerning this policy should be directed to the Henry County SWCD at 309-937-5263 ext.3.

Jerry Snodgrass, Chairman
Henry County SWCD
